SHOW 2021

COMMON GROUND & SUMMER SHOW 2021

CommonGround& is a new collective to offer a showcase for South Asian creatives across a broad range of disciplines. Starting with our first annual Summer Show for 2021, we have opened the opportunity for creatives active in art, photography, film, textiles and graphic art to exhibit their work.

We endeavour to grow CG& into an annual exhibition with live programming, expanding into fashion, music and performance. We aim to invite artists from the South Asian diaspora in the UK and beyond to participate.

CG& is for the practicing artist, offering a platform to come together (express the art of the moment) and reflect the experience of the current generation.

We are happy to be working with *Saskia Fernando Gallery* in Sri Lanka to showcase three Sri Lankan artists - Muvindu Binoy, Abdul Halik Azeez and Charith Wijesundara.

CG& coincides with South Asian Heritage Month.
